

## Frequently Asked Questions

### - **Which Misdemeanor cases *are* included online?**

All misdemeanor cases begin in Magistrate Court, which are not available on line. Those misdemeanor cases that have been indicted are available on Circuit Express. Examples of a misdemeanor offense”

Petit Larceny  
Sexual Abuse  
Welfare Fraud  
Possession of Marijuana  
Etc .....

### - **Which counties are included?**

There are 55 judicial circuits in WV. There is a drop down on the login page of Circuit Express which lists all available counties at the present time.

### - **Are ALL felony cases included?**

Yes

### - **Will the additional search options (Domestic Violence, Citations, Worthless Check, Magistrate, etc) be available with a subscription?**

No. That information is only available in Magistrate Court

### - **When “Restricted Access” shows up after certain Search Options, what restrictions are placed?**

Example: a divorce case may be listed depicting the complaintant and the respondent. However when you select case details it states that that information is “Restricted Access”.

### - **Are full dates of birth kept on file, even though they are not shown? If so, would it be possible to search by full date of birth with a subscription?**

Full dates of birth are kept on file but not shown but only birth year can be searched with the name.

- **Can I search by Date?**

Yes. On the first page where you develop your search criteria there is a date range:

Current County:  [Log Out](#) [Contact Us](#)

- **How often is your site updated?**

Every evening

- **Can you send me a price list? Is the price list based on volume?**

[Click Here](#)

- **How often is your site updated?**

Every evening

- **Does it allow you to see any of the docs i.e. depositions, complaints etc?**

Yes, but is based on if the circuit court has scanned the document. Some courts scan all documents, some scan just orders and some do not have scanners.

Example: Hancock and county scans all documents

Kanawha presently has a limited amount of scanners and cannot scan all
